## BASKING IN BARBUDA

The newest jewel on the little Caribbean island of Barbuda is **The Beach House Barbuda** - a fabulous 21 - suite sanctuary with 18 miles of private, pristine pink - sand beach. From your four - poster bed with Fil d'oro linens to your own espresso machine and Essential Elements toiletries, each accommodation is graced with thoughtful amenities as well as private decks/terraces overlooking the beachfront. Each guest is assigned a Personal Ambassador upon arrival who provides such services as an Evian spray by the pool to washing clothes. We recommend a stay in the **One Bedroom Oceanfront Suite** for unparalleled views and a hammock to relax in for \$ 880 to \$ 1,210 nightly.
